

Maryland Telephone Directories

The Pratt Library's [Maryland Department](#) has a collection of more than 1,200 telephone directories that cover the whole state and most of the 20th Century.

Baltimore City Telephone Directories are all located on microfilm or microfiche within the Department. Baltimore telephone directories date from 1898 to the present. The only Baltimore Metropolitan directories not in microform are the ones from 1970-1975, and these directories are located in the Maryland Department office.

All Maryland telephone directories from 1976 to date (white and yellow pages) are on microfiche and located in the [Maryland Department](#) reading room. If you have questions, [e-mail](#) the Department or call 410-396-5468.
