

ENOCH PRATT *free* LIBRARY

FISCAL YEAR 2023 ANNUAL REPORT

“My library shall be for all, rich and poor, without distinction of race or color..”

— Enoch Pratt

At the Pratt Library, each day we strive to provide access to everyone in our community. Giant efforts are made surrounding our six strategic goals: financial sustainability, strategic partnerships, community engagement, equitable and responsive programs, organizational culture, and literacy.

This annual report is a look at what we've accomplished towards those goals in Fiscal Year 2023. But, I want to take this opportunity to outline what we hope to accomplish in the year ahead.

Financial Sustainability: The Library continues to find ways to strengthen our funding structure. A key focus in the future will be the Pratt's aging infrastructure. A full building assessment will be conducted on all 22 Pratt locations in order to advocate for more funding at the state, city, and federal, and private level.

Strategic Partnerships: While the Pratt has hundreds of partners who help us doing meaningful work, in FY24 we will focus on partners who can help us host pop-up locations, as well as temporary locations while some Pratt buildings face renovations. Major partnership concentrations will focus on infrastructure, workforce, literacy, and digital equity.

Community Engagement: Our customers remain our top priority and we want to make sure we continue to provide excellent service. This coming year, we'll focus on attracting more active cardholders, and host community conversations around digital literacy and infrastructure needs.

Equitable and Responsive Programs: The Pratt remains one of the most innovative programming libraries in the nation. In FY24, Pratt staff will be trained on new programming equity guidelines. We'll also be launching a new public equity dashboard.

Organizational Culture: The Library is committed to advancing diversity, equity, and inclusion. This year, we will negotiate our first collective bargaining agreement. We'll also evaluate our Human Resources processes to maximize efficiency and effectiveness.

Literacy: In FY24, the Pratt will launch a new Digital Navigator program to provide customers with one-on-one tech support. We'll also distribute laptops and hot spots for long-term lending to make sure the internet is accessible to all.

At the end of the day, the Pratt Library's main goal is to serve you. I'm proud of the work we've accomplished this year, and I look forward to hearing feedback from our community about how we can help today, and for generations to come.

General City Funds: Funding provided by Baltimore City allows for operation of 22 library buildings and mobile outreach services. Pratt Library buildings are owned by the City of Baltimore.

State Funds: Funding from Maryland supports the operation of the State Library Resource Center and expanded hours for all 22 Pratt locations.

Private/Other Funds: Funding from donors, foundations, and non-state grants is often restricted and helps supplement governmental funds. Capital Projects

Park Heights Library

Park Heights will be the Pratt's first new library location in more than 15 years.

Pennsylvania Ave. Branch

Reopening in Fall 2023, children and teens have new designated spaces in the Pennsylvania Avenue Branch, while adults have greater access to technology and more floor space downstairs.

Forest Park Branch

The historic branch will close in 2024 for a full-scale renovation, including a new ADA compliant entryway, updated outdoor spaces and meeting room, and interactive children and teen spaces.

In order to provide world-class customer service, the Pratt strives to create the world-class spaces that our customers deserve. A Master Facilities Plan will be completed in the upcoming Fiscal Year and will serve as a roadmap for the Pratt's future. Many building projects are currently underway, including potentially 2 new libraries.

Pratt Free Market

Inside the Southeast Anchor Library, the Pratt Free Market is a free grocery store offering fresh, healthy food to the community at no cost. Construction is expected to begin in late 2023.

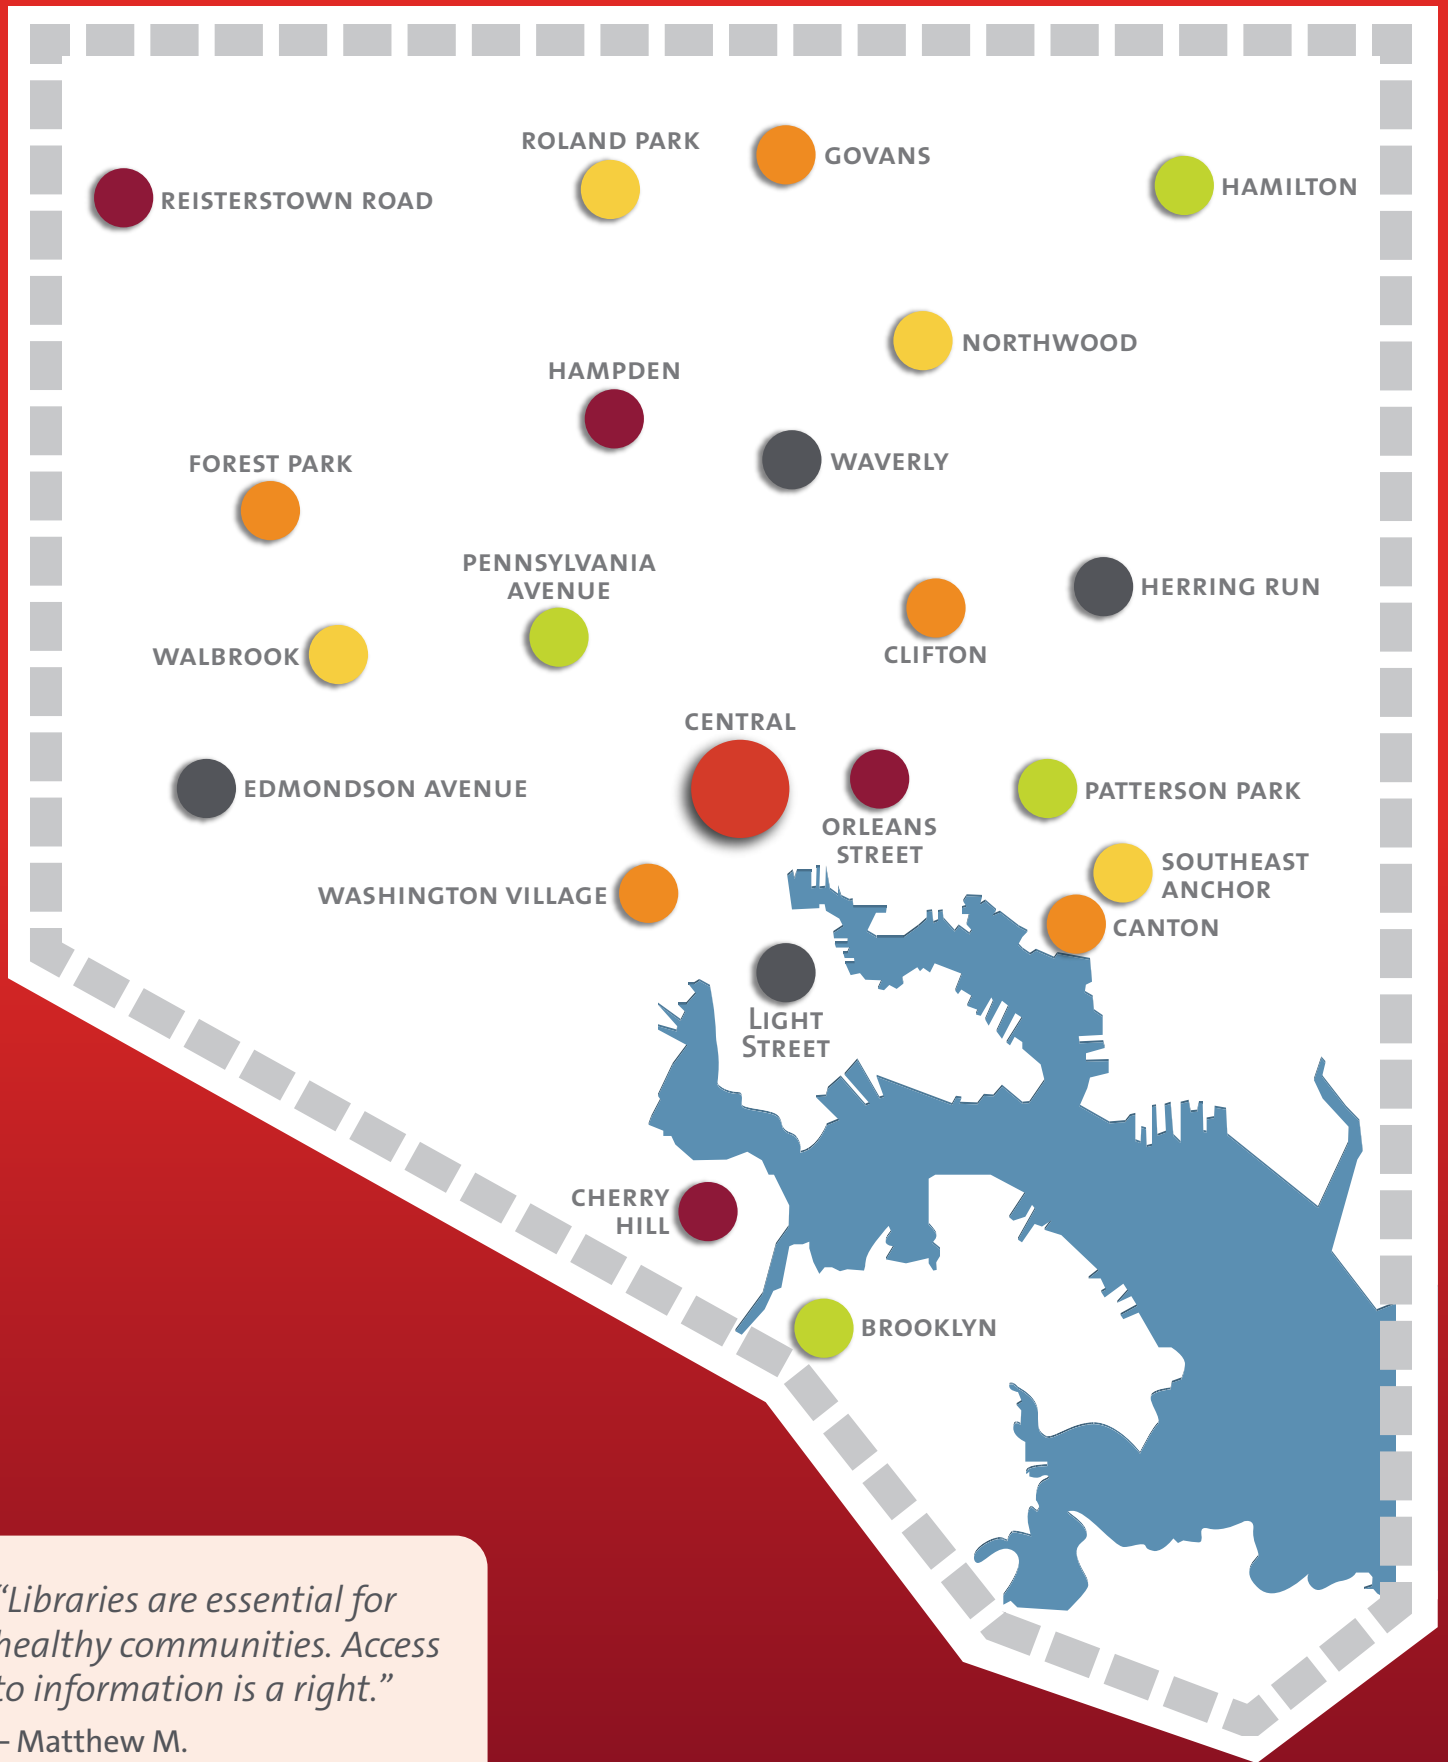

Washington Village Branch

Plans are underway for a public/private partnership that would double the space of the existing library, while apartments would be built above.

Johnston Square Branch

A new Pratt branch could serve as the anchor of a new affordable housing complex in the Johnston Square community. Plans and funding are pending.

"Libraries are essential for healthy communities. Access to information is a right."

A SPECIAL THANKS TO OUR DONORS

We are deeply grateful to donors at every level, all of whom make it possible for the Enoch Pratt Free Library to continue providing the essential services that people in Baltimore, and across the state of Maryland, rely on.

Although space limitations make it impossible for us to list everyone who helps make our programming and outreach possible, we are enormously grateful to those who contribute to the Pratt. We couldn't do it without you!

Thank you to the following donors who have helped support the construction of a new Library in the lower Park Heights neighborhood... we look forward to sharing more information about our first branch in more than 15 years soon!
